Come Out Against the Death Penalty In Support of Justice!

**It's homophobic. It's racist. It can't be fixed. It's unjust and uncivilized.
It targets poor people. It's cruel and unusual punishment.
It's a human rights violation. It's not a deterrent.**

**Please call Governor George Ryan today.
Congratulate him for his courageous stand on the moratorium and urge him
to grant clemency to the 160 people currently on death row.**
